Our Regional Ministers and Regional Staff assist congregations in times of pastoral transition by helping to find candidates as interim temporary pastors, pulpit supply preachers and settled pastors.

Regional Ministers meet with transition and search committees, congregational boards, and personnel committees to assess congregation needs and strengths. In collaboration with the whole church relocation data base, profiles of pastors are brought for review. Committees then pursue the references of the candidates, view sermons online, read essays written by the candidates, interview the candidates and bring a proposal to their board and congregation for a vote. This process is facilitated at no cost to the congregations. Your Christmas offerings help to fund this process for our churches.

Other programs of the regional church include:

- Nurture of pastors and those studying to be pastors
- New Church Ministries
- Church Camps
- Men's Choral Retreats
- Women's Retreats
- Leadership Training
- Minister Training
